

MANIFESTO

It's time to shape the future and not be shaped by it.

zyOzy is change.

zyOzy is connectedness and purpose.

zyOzy is finding, teaching and creating dynamic balance.

zyOzy is a noble battle, an adventure that finds the beauty to rescue.

zyOzy takes direct action to support community-based and sustainable nutrition, water, health, shelter and education projects in both the developing and developed world.

zyOzy activates youth in a global fight against extreme poverty.

For us, the solution is nothing less than bringing extreme poverty to an end.

zyOzy, changing the way WE think, make decisions, OUR habits of the heart, and how WE do business.
